EARMARK DECLARATION

HON. LEE TERRY

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 23, 2009

Mr. TERRY. Madam Speaker, pursuant to the Republican Leadership standards on earmarks, I am submitting the following information regarding an earmark I received as part of the Transportation, Housing and Urban Development Appropriations Bill for Fiscal Year 2010, H.R. 3288.

My Congressional District received \$1.25 million for the construction of a child and family services facility at Boys Town, Nebraska. The entity to receive this funding is Boys Town, located at 14100 Crawford St., Boys Town, NE 68010.

This funding will help fund the construction of a new totally comprehensive child and family services facility with increased capacity to serve more than double the population of children and families currently served of approximately 1,000. Boys Town will be providing at least \$7.25 million in matching funds towards the requested Federal share of \$1.25 million. This multi-dimensional service facility will include the broad range of medical and juvenile justice delinquency services so that at-risk girls and boys (and their families) can have all child related disorders and care provided. Some of the services included, but not limited to, in this facility will include juvenile justice evaluations, services to prevent delinquency and school failure, and parenting skill building services to help parents become more effective at dealing with a variety of child disorders and issues. It is expected that through these services, youth recidivism of criminal behavior will be greatly reduced as will the need for further out-of-home-placement, including that of a correctional or prison facility. Youth will be prepared to be productive members of society.

Nationally and locally, Boys Town's continuum of programs now provide direct care to more than 51,000 children and their families and assists nearly 1.4 million children each year through its youth care and health care programs. Boys Town operates programs in a dozen states and the District of Columbia. These programs include: Treatment Family Programs (i.e. Family Home, Assessment and Short-Term Residential Services, Treatment Foster Family Services, Family Based Services, Common Sense Parenting and National Hotline. Treatment modalities range from prevention to aftercare and include in- and out-of-home programs. The Boys Town model, the foundation for all Boys Town programs, has been recognized by the Office of Juvenile Justice and Delinquency Prevention (OJJDP) as a "Promising Model." Boys Town's leadership in treatment and child care technology provide youth with a safe, caring, loving environment where they gain confidence to get better and learn skills to become productive citizens. With at least an 81% success rate, Boys Town alumni have gone on to become successful in all facets of life. This commitment to our nation's youth placed Boys Town on the list of the 100 Best Communities for Young People as named by America's Promise Alliance in 2005, 2006, and 2007.
